Submitted.

The Law Minister was pleased to direct that the question of assisting evacuees belonging to Mysore State coming from enemy occupied or threatened areas, may now be taken up. In port towns like Bombay there are several organisations including Evacuee Relief Committees specially set up for the purpose which render such assistance as is immediately necessary to the evacuees and send them to places to which they are stated to belong.

There is no organisation as Mysore State at present specially charged with this duty. The setting up of an Evacuee Relief Committee for the purpose is under Considering. It may perhaps consist of officials and non officials, the I.G.P., the Dist Kayis, and Municipal Comm being the official representatives.

(Y) The placing of a certain sum of money at the disposal of the Committee also arises for Consideration.

The Law Minister was further pleased to say that this was a matter in which the Mysore War Committee may wish to Cooperate & that the Chairman Mysore War Fund may be Consulted on this point.

Dy 3/3/42

Chief Secretary

I do not think, such a Committee is necessary at present. The police may watch the arrivals of such evacuees & render help the D.G.P. being provided with some funds for meeting his own Expenses.

(11) A. T. S. P. R. 614/41-42 of 1st Jan. 42 re: case of Mr T. J. Stephens, an Evacuee from Mandalay.

The letter of the D M Bhamo calls for no action. It is seen that the Hong Kong Central Committee has referred some of the evacuees to the D M and the others to the D of I. Perhaps it would be better if all such cases are dealt with by the D M & placed before the City Evacuee Committee. It may not be possible to give permission to absorb a few more of the type of Mr. Johnson temporarily, as asked for by the D. of I. Such cases have to be dealt with on individual merits and the nature of assistance required by the Evacuee. If approved the D of I will be requested to refer Mr Johnson to the D M Bhamo, who may place his matter before the Committee, as in the case of Mr Stephens. The D M may refer for orders to Govt in doubtful cases for financial considerations.

Normally non-Europeans evacuees should live and get jobs in the localities to which they

Dear Sir,

I am glad to inform you that I have been asked by the B.O.C. Ltd to take up work for them at Lahore. I am on my way to that place and am writing this to thank you for what you have done for me. It was very kind of you also to have granted me the interviews I sought and also for giving me a patient hearing.

I can assure you that I will always try to do my best for my employers and will in every way try to be a credit for the State. I only hope that the State also will in her turn look upon her sons' interests when they appeal for help in circumstances of the type arising now. It is but natural for us to look to our mother country for any help we need and we feel awfully disappointed if, when we do so, there is any lack in responding to our request.

I should like to request you not to take these remarks of mine as criticising the action of the Govt., but only as an observation which may be of help to you.

With best regards,

Yours sincerely

G. Nagendran

P.S. Could you please consider my application for subsistance allowance as withdrawn as I shall not

GOVT
CHIEF SECRETARY
20 JUL 1942
GOVT OF MYSORE

At a Press Conference convened by the Hon'ble Mr P.N. Banerjee, Minister, Revenue, Judicial and Legislative, at Writers Buildings in his room on July 25, a large number of representatives of the Press were present, besides the Secretary, Revenue Department and a few other officials. The Hon'ble Minister addressing the Conference said that while military necessity was the overriding factor in the matter of evacuation, Civil Government must do and were doing all that they could to mitigate the inconvenience and hardship to the people. He added that the whole question of evacuation and compensation should be viewed from a purely humanitarian point of view and not be made a subject matter for party politics. He appealed to the representatives of the Press to lend their support in this matter. He further said that he would welcome any constructive suggestions and criticisms in this connection.

The Hon'ble Minister then made a general survey explaining in broad outline the principles of compensation and relief to evacuees adopted by Government.

The measures taken by Government for dealing with the problems that arise out of compulsory evacuation of areas for military reasons are briefly indicated below. Such measures fall into two categories, viz., payment of compensation and after-care of the evacuated people. In adjudging compensation, the determining principle is to pay for all losses, expenses and damages caused by an evacuation order. I state below the broad heads under which compensation is assessed and the method of calculation of compensation under each head.

Principle of compensation.

I. Removal costs. This is to cover all reasonable expenses for men, goods and live-stock. As large areas have to be cleared at short notice removal costs in rural areas are assessed summarily on the basis of Union Board rates paid by the families or of valuation of their houses. The rates vary from Rs.12/- in the case of the poorest, to Rs.600/- in the case of the most affluent. In urban areas removal cost is assessed at three times the monthly

rent of the premises vacated or the fair monthly rent if the house is not tenanted, with a minimum of Rs.50/- and a maximum of Rs.500/- in each case.

If costs allowed on the above basis be inadequate in any case, the party is asked to file a detailed claim disclosing the actual expenses and further sums are sanctioned if justified.

II. Compensation for standing crops, fish in tanks, fruit-bearing trees, etc. Such compensation is assessed by local inspection with the help of all available oral and documentary evidence. Full value of the standing crops is paid to the owner of the land; if crops are grown under a barga system the amount is divided between the owner and the bargadar.

III. Compensation for kutcha houses. People are paid expenses for erecting new shelters. Rates are fixed by local officers in accordance with prevailing prices of building material.

In certain areas the principle adopted in paying compensation for kutcha houses is that only the expenses for temporary shelter on some standardised rates based on Union Board assessment should be paid now and full compensation should be paid for all damage to the houses when the Military leave the area and the people are permitted to return. In other areas payment is being made now on the basis of replacement value and there will be no question later of further compensation for any damage to the houses. The argument urged in favour of the first alternative is that these people will get ready money in their hands when they would need it most i.e., when they would come back to restart their normal life. The question whether a uniform principle should be adopted in the matter was discussed and the opinion which found most favour was

that both the alternative principles might be allowed to stand to be adopted according to the circumstances of each and the demands of the people ~~xxx~~ affected.

In some cases such shelters are constructed by Government and placed at the disposal of evacuees. The District Officers have been asked to provide such shelter specially during the rains to those who left to themselves ~~xxx~~ are unable to make their own arrangements. In [illegible] and where possible home-stead lands are also requisitioned for them.

IV. Compensation for pucca houses. Monthly rent is paid for such houses. If the house is tenanted the rent paid by the outgoing tenant is sanctioned almost invariably; in other cases a fair rent is fixed in consideration of the fair letting value or on the basis of the valuation of the property. Usually 5% of the present value of the property is paid as annual rent in such cases.

V. Compensation for use of land, tanks, etc. This is assessed on the basis of net profit which is taken as half the value of the gross outturn in case of land. The quality of the soil, the nature of the crop grown, the prevailing crop prices are all taken into consideration in assessing net profit. Compensation for tanks, fruit-bearing trees etc. is assessed according to the estimated recurring loss of income. [illegible] (retaining cess) due to the immediate landlord or the cultivator will be paid by Government as long as the tenant remains dispossessed and will not be deducted from the compensation payable to the tenant.

VI. Compensation for loss of earning due to sudden removal. All professional men who suffer loss of earnings on this account are compensated upto two months' normal income. So far as bargadars and landless labourers are concerned, originally the decision was not to entertain any claim for compensation from them under this head. It has since been decided that bargadars and landless labourers may be paid compensation up to two months' normal income assessed summarily, if in any area in the opinion of the District Officer they are likely to be faced with unemployment as a result of evacuation. The reason why Government hesitated to adopt this principle at the first stage was that it was expected that the civil and military works in the neighbourhood would provide employment to those people and any scheme which in effect placed a large number of them on the dole for an indefinite period would destroy their initiative for earning their livilihood.

Claims which do not come under any of the above categories are also entertained. Such cases are treated on merits. Districts Officers have been directed to pay compensation as expeditiously as possible. Usually, removal costs and compensation for kutcha houses are paid before evacuation takes place. Collectors have also been advised to pay rent upto three months and compensation for loss of earnings upto a sum of Rs.300/-, in each individual case without prior sanction of Government.

As a general policy Government have laid down that as each case may present its own peculiar problems the District Officers may incur all necessary expenditure for the relief of people affected without waiting for Government sanction and formal allotment of funds. This has helped immediate distribution of relief which has lessened the hardship in many cases. Government are carefully watching the progress of payment and are taking all possible steps to remove grievances. The progress of payment may be judged to some extent from the fact that in three districts in the coastal belt in which mass evacuation has taken place, over rupees sixteen lakhs were actually

paid out to the people by the end of June last. With rare exceptions every evacuee has been paid his removal costs and his expenses for building temporary accommodation. In some cases, compensation for crops has also been paid.

It is hoped that this will assure the public about the promptitude with which compensation is being paid.

In addition to what is being paid now, people will be paid adequate compensation for all damage to property during the period of dispossession, after the properties are restored to the owners. For obvious reasons, it is premature to entertain such claims now.

After-care of the evacuees.

Government have tried to settle evacuees on available surplu lands belonging either to Government or to private landlords. The progress of efforts in this direction has met with very limited success as the evacuees themselves are reluctant to migrate to distant places for a temporary period. Government have also taken up the question of reclaiming some of the decadent areas of the province and settling evacuees there more or less permanently.

The possibilities of finding employment for the evacuees are also under constant examination. As a result of the representations made by Government evacuees have been allowed to reap the standing crops and to plant fresh crops in some of the abandoned areas. The evacuee labour is also being given preference in military and other public works wherever possible.

Government are giving their most anxious consideration to all suggestions for removing the hardships of the evacuated people. It is proposed to appoint Welfare Officers in every district where large scale evacuation takes place, so that contact with evacuees may not be lost and any special problems which the evacuees may raise from time to time may have the promptest consideration of local officers and Government. The public will readily understand that mass evacuation of areas on short notice will inevitably cause great hardships. But Government are however doing all that it is possible to do with their present resources to mitigate the distress of the people.

The amount of Rs 500/- is intended for those evacuees, who are subject to Sick and who ask for such help

In the following cases, financial help was asked for and granted. The advances are recoverable when the parties are in a position to pay.

(1) Mr Nabanga Sharma - Rs 50 p.m. for 4 months.

(2) J. Mohan Singh - Rs 100 Loan Repayable in monthly instalments.

(3) of Nagapur - A sum of Rs 50 p.m was Sanctioned but the party did not want it since he secured an appt & that time.

The City Evacuee Committee has been giving the necessary help to such of the evacuees who are destitute & paying them Rs for or less for feeding themselves to reach their destination In cases where financial help is asked for they recommend to Govt the amount of help that may be given. Since the no of evacuees who are sick subjects and who require financial help was very few the DC requested a sum of Rs 500/ only and he disburses the advances after obtaining Govt sanction in each case.

Sir,

I have the honour to forward in original letter dated the 20th instant along with the enclosed evacuee card of one Mr. Y. Nagappa received from the Chairman, Indian Evacuee Reception Committee, Bangalore Cantonment, and to state that it is seen from the information available in the card that the evacuee held a good position in Burma and that he was drawing a monthly salary of Rs.400/-. The resources of the City Committee are limited and are intended to give relief to such persons as have nothing to depend upon. From the information readily available about Mr. Nagappa, I do not think that any material aid can be rendered to him by this Committee. The question of affording relief required by him is for the orders of Government.

SIR,

Subject :—

I have the honour to state that the Honorary Secretary, Indian Evacuee Committee, Bangalore Cantt, has directed Mr. Ranganadha Rao, an Evacuee from Burma, to me for financial help.

It is ascertained that he was an Assistant Accountant in the Rangoon Corporation, getting a pay of Rs 140/- with a total service of about 17 years. It appears, he belongs to Kolar District and is now staying in Bangalore City. It is also stated that he knows typing and needs some employment.

As he is stated to be in need of financial help for his sustenance, I have placed this matter before the City Evacuee Committee, which is to meet on the 1st proximo, for consideration and shall submit a further report in the matter.

Statement of M. Y. Nagappa
Door No. 63 II Cross Road
Ganjeman Extension, Basavanagudi

I am a Smartha Brahmin by caste. I lost my father when I was only about five years old. His name was M. Y. Seetaramaiah. He was a native of Ayedatore now called Krishnarajanagar. He was employed in the Rice mill of one M. Aswathanarayana Rao He was getting some small pay. I do not well remember at this distance of time what exact amount he was getting. I have no brothers and sisters I have only one uncle by name M. Y. Subrahmanyaiah I do not know his whereabouts and

the circumstances in which he is now. Practically, I am entirely in the dark about him and his affairs. Our family status is a divided one. He and I jointly own nothing. Our partition is documented and registered. A copy of it will be produced if and when necessary.

After I lost my father at the age of five years, I was taken away to my Soma by my maternal uncle Mr. B.S. Subba Krishna, Excise Asst. Inspector. I stayed with him till I passed the Entrance Examination in the year 1928 as do. He fed me and financed me to the extent of my need consistent with his ability and extended his help till I graduated in 1933. I passed the B. Sc., (Hons)

Y.L.

Examination in III class with Geology as the main and Chemistry as the Subsidiary subjects. After one year, I took the M.Sc., Examination and passed it in the year 1933. After my Success in the Examination, I was asked to write a book in Kannada on Indian Geology. It was the university of my son that asked me to compile this work when I was nearing the completion of my efforts, I was offered an employment by the Burmah Oil company, Limited, on a monthly Salary of Rs. 160/- I was on probation for Six months. After the period of probation I entered into a contract with the company agreeing to serve

for Three years in grade Rs. 201-225-250. This contract was offered by the company and I accepted the terms. After the termination of this first contract, a renewal of the contract for a further period of three years on Rs. 300-325-350 was offered. I accepted this and served this period. A second renewal was offered in 1941 on the following terms:— Rs. 400-425-450. I accepted this renewal and was working accordingly. In the meantime I had to evacuate.

I am in correspondence with the company,— I mean its representatives in India I am now on sanctioned leave which expires on 6-5-42. I am corresponding with

Y.L.

Then regarding my allowances for the leave period and also as to what I should do after the expiry of my leave. I have not so far heard anything from them definitely

my mother is now living in Mysore. She was not with me in Burma. She is alone in Mysore. I was sending her money for her maintenance

As regards my resources, I have to say that I remember that my father owned a few acres of wet-lands, — probably two or three acres, — in agriculture. I do not know anything about them as my mother was managing them. I have to

ascertain the present state of affairs from my mother. In any case, this is too small and too limited a source for maintaining my family. If absolutely necessary, I shall furnish full particulars on further intimation. Apart from this, I have no other immovable properties. I own no house and no lands neither here, nor in Burma nor anywhere else in India.

I have no money with me, nor anywhere else. I have no postal or Bank deposits. I possess no Govt. securities or bonds. I was paying Rs. 5/- on my salary towards the company's

YB.

Provident Fund. I do not know what I get or if I can get anything at all.

I have insured in the Bombay Mutual Life Assurance Co. Ltd. for Rs. 5000/- I have not been able to pay premia on my policies. I have not insured any where else.

As regards the relief I want, I request that I may be given at least a Sustenance allowance of Rs. 75/- (Seventy five) per month until I get an employment in the very company or elsewhere if I fail to get it anywhere I request that I may be kindly given a Govt appointment. If I get a job or if I otherwise begin to earn enough to keep me in comfort-

I shall repay the amount in suitable monthly instalments. I shall execute the necessary bonds on demand.

In conclusion I want to state that I am a native of Mysore now stranded for want of means. I have nothing with me to lose now. I had movable property worth about Rs. 1000/— and I had ~~it~~ to leave it behind. I request favourable consideration

OFFICE OF

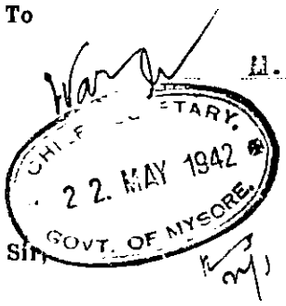
Date 21st May 1942.

To



H.C. Mehkri, Esq., B.A., LL.B.,
Chief Secretary to the Government of Mysore,
Bangalore.

Sir,

Subject:- Evacuee - Mr. A.N. Rao.

I have the honour to forward herewith the application and statement of one Mr. A.N. Rao, B.Sc., (Hons) an evacuee from Burma, requesting the grant of a monthly subsistence allowance and to state that it is seen from the particulars furnished in his statement that he owns, along with his parents and brothers, a bungalow in Gandhinagar which is estimated to cost Rs.5,000/- and two sites in Narayanahalli valued at Rs.400/-. He is said to have no other resources and the Company has communicated to him in its letter dated 7th May 1942 that the contract of services terminates on 1-6-1942 and that the balance of salary due to him will be sent in due course.

2. I do not think that he is so destitute as to need a subsistence allowance. On the analogy of orders passed in the case of Mr. Y. Nagappa, I have advised this evacuee to try to find out as to why he also should not join the Company at Calcutta as published in the News Papers and apply to the Chairman, Bhadravati Iron and Steel Works, and Hindustan Aircraft Co., for employment.

3. I request the favour of early orders in the matter.

I have the honour to be,

Dear Sir;

I wish to bring to your notice that I am a Mysorean by birth and all my Student days were spent in this City of Bangalore. I was graduated in the Mysore University. Later I was offered an asst. Palaeontologist post in Burma and I was there till now. I was on the European Officer's grade and as such was enjoying all privileges and was getting nearly Rs 300/- per mensem. Now I have to leave behind all my things which is worth about Rs 1500/- and have to come here almost empty handed. I feel it very hard to manage myself here without some help or other.

Now I received information from my office that they have to terminate my contract with them since there is no work for me in their office here. This is another blow and I shall be very thankful to you if you could assist me by providing me with a job and also helping me by finance.

Thanking you for a favourable consideration

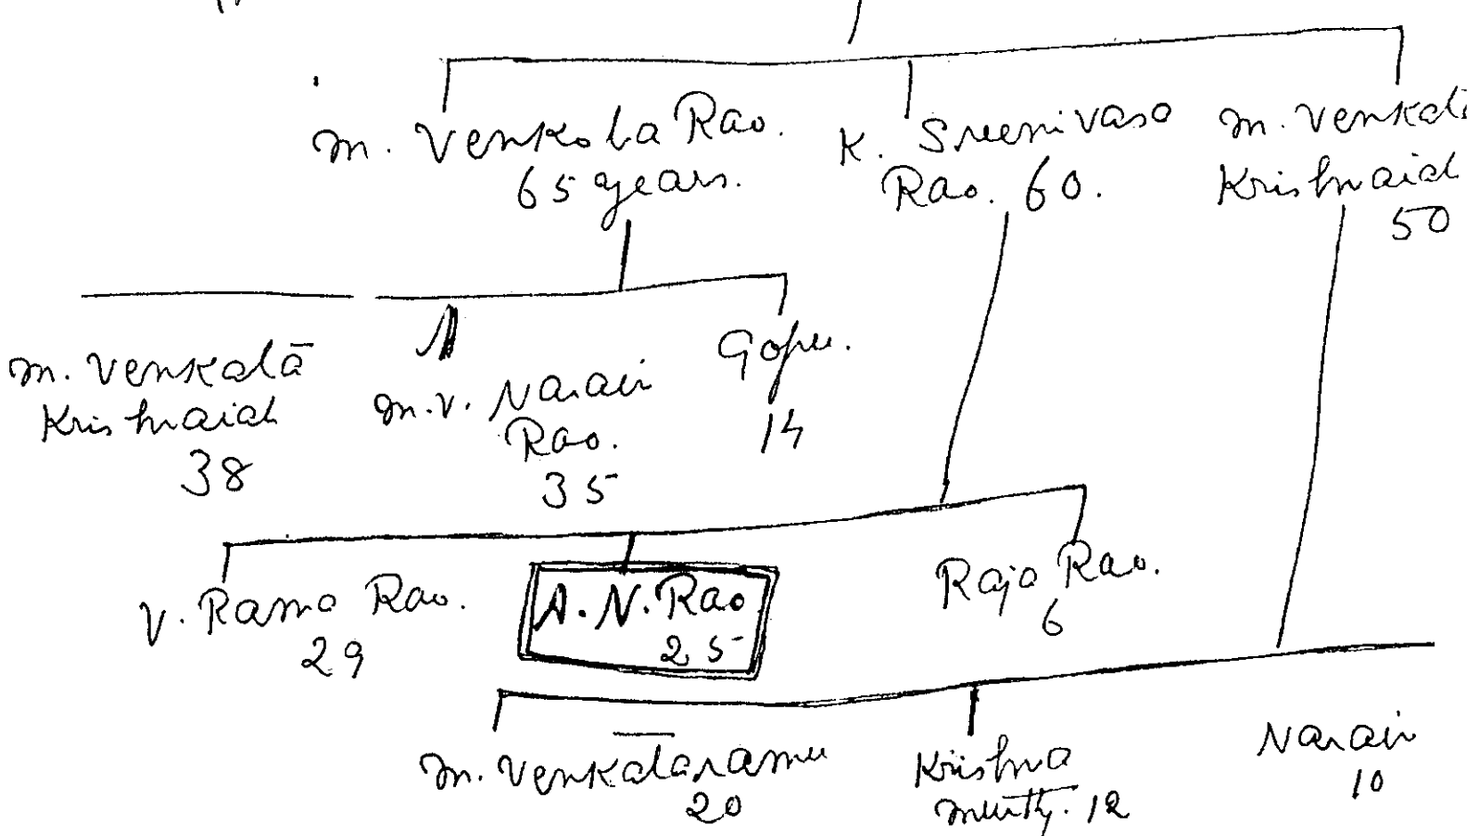
Yours faithfully
A. N. Rao

Statement of A. N. Rao, B.Sc an evacuee from Burma given before the Special Amilda on

18.5.42

My full name is Aswatha narayana Rao. My age is 25 now. I am a native of Bangalore Dist. I was born in Bangalore alone. The genealogy of my family is, to the best of my knowledge as noted below:

A N Rao 19th May 42



my father and uncles are divided.
They have no joint interests of
any kind. My father was the
Head clerk in the Office of the
D. G. of prisons. He resigned
the Office about 25 years ago.
Then he opened a shop of
piece-goods. The concern was
named K. Sreenivasa Rao
and Sons; in Chikpet. As the
business did not thrive, he
closed the shop and retired
from active life. Actually
he is in unearning retirement.
He is too old to do any
work. He was running the
family from the aid he was
getting from my brother who is
in Mysore Govt. Service and
the monthly remittance of about
Rs. 100/— I was sending

for Burma.

We, three brothers, are undivided. My first brother is the Head clerk of the Kolar Dist Board Office. I think he gets about Rs. 70 or 80. I am now out of job. I passed the B. Sc. (Hons) Examination of the Mysore University in 1939. Then I prosecuted my further studies to pass the M. Sc. Examination. In the meantime, the Burma oil Co., requested the department of Geology to select and send a bright geology graduate for employment in the Company I was sent there as palaeontologist on a contractual basis that my starting salary should be 201-225-250, the first item of the contract being

14th May '42

three years and the original contract being renewable every three years on the achievement of satisfactory results. I was still under the first contract when my ill luck threw me down from a very promising place. Had I continued there I would have risen step by step, year by year, until I got Rs. 1200/- per month. I was also getting a servant's allowance of Rs. 50/- per month. I was given a free well-furnished bungalow free light, water and gas. I came away, as I had to come away. Otherwise I would have stayed there.

My father and we brothers have one bungalow jointly in Gandhinagar. The

address of my bungalow
41, Gandhinagar. Bangalore.
The current market value of
this bungalow may be about Rs.
10,000. (Ten Thousand). This
building is not in any
way encumbered. We have
also two sites in Nagarbana
Hally. Their value may be about
Rs. 400/— Apart from these
three properties, in which I
have my share of right title
and interest, I have no other
immovable property. I have no
debts too. my brothers seem
to have no debts too.

I left behind in
Burma all that I had;—
Radio Set, Cloths, utensils
and all that that exceeded
40 pounds in weight, as that
only conveyance I had and
got was a Coolie and as

AMW
18th May '42

he refused to carry more
than 40 pounds, though
Govt allowed 60 pounds. In
fact; I could bring nothing
other than my bare wearing
apparel and scanty bedding.
I brought no money with
me. As I was only two years
old in Service, I could save
nothing. I have insured my
life in the Empire of India
Life Assurance Company
for Rs. 3000/- I have paid only
two premia.

I am married
I am a Smartha Brahmin
We are only two now. But-
yet; the entire joint family
is my personal responsibility
now. I have my mother also
with me. We are for the time
being four.

I know one G.
Nagappa. He was also in the

same company. I corresponded with the company. Their last registered reply dated 7th may 42, says that my services are not required now. I have produced this letter in original for reference.

Regarding the relief I want; I request that I may be kindly given some monthly subsistance allowance of at least Rs. 100/- until I get a job. I shall execute the necessary undertaking to repay the advances, if I should be in a position to do so. I am still very young ambitious and optimistic I live in hope and I hope to have the fulfilment of my hope. I shall refund the amounts

Dear Mr.Appaji Gowda,

I am sending you herewith a copy of letter dated 27th May 1942 from the Chairman of the Indian Evacuee Reception Committee, Mr.Harvey. As you are aware the rules of recruitment to Mysore Service practically debar all non-Mysoreans from being recruited. I should be obliged if you will kindly let me know the views of Government in the case of evacuees, as some instructions in this connection may have been received from the Government of India. There are some temporary jobs going, and if permitted I can temporarily absorb a few men of the type of Mr.John.

I shall thank you for an early reply.

Yours sincerely,

Sir,

I have the honour to state hat the Honourary Secretary, Indian Evacuee Committee, Bangalore Cantt., has directed Mr. F.J. Stephens, an Evacuee from Mandalay to me for help.

It is ascertained that he was the Head master of St. Xavier's High School, Mandalay, getting a salary of Rs.200/- per mensem with free quarters. He wants money to get his family from Trichy and wants a job or subsistence allowance. His brother is employed as an Assistant Inspector of Education at Kolar. The letter received from the Secretary together with the Index card was placed before the Committee which met on 26th May 1942 and it has been resolved that the applicant may be advised to apply to the Principals of both the United Mission High School and St. Joseph's College, Bangalore. I have accordingly intimated to him the resolution of the Committee.

Sir,

I have the honour to state that one Mr. M. Nataraja Sharma, an evacuee from Burma, approached the City Evacuees Committee for securing him a job in Mysore Service. It is ascertained that he was employed in the Burma Corporation Co., Ltd., as a Shift Engineer, Mansam Falls, Northern Shan States and that he was getting a monthly salary of Rs 240/-.

He was present at the time of the meeting and stated that he was born in Bangalore, educated in the Wesleyan Mission High School, subsequently joined the School of Engineering, Bangalore where he took a pass in the final examination of the Higher Grade in the year 1920. Asked as to how the provident fund amount etc., drawn by him in respect of his service at Burma was disposed of, he said that he invested the amount in the purchase of about 4 acres of land near French Rocks in the year 1940 and that the yield from it was too little to maintain his big family.

His application was placed before the City Evacuees Committee when they met on the 16th ultimo when it was resolved that the applicant's case be recommended to the Chief Electrical Engineer for a suitable employment. copy of the letter addressed to the Chief Electrical Engineer is enclosed for kind perusal.

P.T.O

Subsequently he presented another application praying for a subsitance allowance of Rs 100/- per month till he could get a job. This application was also placed before the Committee at their meeting held on 28-7-1942 when it was resolved that a recommendation be made to Government for the grant of a subsistance allowance of Rs 50/- per month for a period of 3 months or till he gets an employment if earlier

A copy of this resolution together with his applications and copies of testimonials produced by him is enclosed for kind perusal.

20th. July, 1942.

To whom it may concern:

The bearer, Mr. M.N.Sarma, has been working as a Shift Engineer in the Hydro-Electric Power Station of the Burma Corporation situated at Mansam Falls in the Northern Shan States from November 25th 1920 until April 24th 1942. During this time Sarma had a wide experience of the operating & maintenance of the plant, both on the Mechanical & Electrical sides.

The plant consisted of Boving Reaction Turbines coupled to A.G.E.C. 3000 Volt 3 Phase 50 Cycle alternaters and then stepped up to 36000 volts before transmitting to the Mines and Smelters. The capacity of the Station was 10,000 K.W. made up with 4000 K.W. and three 2000 K.W. sets.

With much regret Mr. Sarma's services had to be terminated following upon the occupation of the Shan States by the Japanese andconsequent cessation of this Corporation's activities.

During the time, Sarma was with the Corporation, he carried out his duties satisfactorily and efficiently. He was willing and reliable and showed a keen interest in his work.

I take this opportunity of wishing him every success in the future.

Signed/ S.S.Espie
General Manager.

P.S. Mr. Sarma's salary at termination of service was Rs 245/- per month.

TO WHOM IT MAY CONCERN:-

The bearer, Mr. M.-N.Sarma, has been employed by the above Corporation in their Hydro-Electric Station, as a Shift Engineer for the past 22 years. The plant consists of Boving Turbines driving I.G.E.C. Generators, 3 phase, 3,300 volts and Step-up Transformers to 36,000 volts. Total capacity 10,000 K.W

During the whole period Mr. Sarma proved himself to be a very capable, willing and trustworthy Engineer and I wish him every success in any future appointment.

He leaves the Corporation's services owing to the occupation of the property by the Japanese.

Bangalore, dated, 25th July 1942

Respected sir,

Further to my letter of 23rd. June and the interview you were kind enough to grant me on 17th. inst., I beg leave to approach you again with one more request.

I am now stranded in Bangalore with my wife and five children without any employment or income, and I find it very hard to support myself and my family under the present condition of costly living. I am at present living with my brother, who is a retired Mysore P.W.D. Official.

I understand that you have recommended me for service in the Mysore Government Electrical Department, for which act of kindness I am very grateful.

Until I get a job, I request that you may be pleased to grant me a subsistance allowance of at least Rs 100/- per mensem, for which, I understand, the Government have made provision in the case of Mysorean Evacuees from Burma.

Thanking you in anticipation,

I beg to remain,
Respected sir,
Your most obedient servant,

Sarma

I gather from the letter of the Secretary to the Hon'ble the Resident F.192-81/W of 18th May 1942 and its enclosures, of which you sent me copies, that the Government of Mysore have authorised you to make advances to Mysorean Evacuees, who need them. That of course would be done with Government money, and I have nothing to do with that. The grant of Rs.5,000/- made to your Committee from the War Fund should not be used for such advances. It is intended for the immediate needs of any war evacuees or refugees of any race or country arriving in Bangalore City in distress - for food, lodging, clothing, medicine, cart or jutka hire, anything they may want in the first days of their stay here.

Subject: Advance to Mr. J. Mohan Singh, an Evacuee from Burma.

I have the honour to state that one Mr. J. Mohan Singh, an evacuee from Burmah approached the City Evacuee Relief Committee for help. His case was examined and it is ascertained that he was an accountant at Burma Petroleum Company on a salary of Rs.200/-. He is a native of Garje in Belur Taluk,Hassan District. He is now employed in Air Craft Factory on Rs.85/- per mensem. Mr. Doreswami Iyer one of the members who also examined his case recommended that a loan of Rs.100/- might be granted to him recoverable from his pay in monthly instalments. An extract from the resolution of the Committee is herein enclosed for kind perusal.

As the applicant represented that he is in very hard circumtances, I have advanced him the amount recommended by the Committee from out of the allotment of Rs.500/- placed at my disposal under a new head "23 other advances-Advances to evacuees" for subsistence in G.O.No.1563-65/W.dated 11th September 1942.

I request that the action taken by me may be kidly approved.
